Docket No. 98N-1265399 '99 MAR 24 A9:55

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I have been on these compounded natural hormones for several months now, and it has been the only thing that has balanced my hormones, relieved my hot flashes & other associated menopause problems I've had. I know these are not available from the commercial pharmaceutical manufacturers nor most local pharmacies. Please do not take away our freedom to choose which kind of substances we want to take for the best interests in our health.
